PRELIMINARY AMENDMENT

BACKGROUND

The applicants filed the above-referenced patent application with the United States Patent and Trademark Office on October 17, 2003. The United States Patent and Trademark Office "finally" rejected all claims of the application in an Office Action dated April 12, 2006 (the "Office Action"). This Preliminary Amendment is filed as part of a Request for Continuing Examination of the above-referenced application. It is believed that the amendments to the claims and the attached arguments put the application in condition for allowance.
